

MY BUBBA TECH RIDER
DUO

LINE LIST:

- 2 vocals (1 condenser or 2 dynamic mics)
- 1 acoustic guitar with pickup
- 1 table harp
- 2 x Overhead condenser microphones for clap dance
- 2 x In ear monitors for My & Bubba (if possible)

My bubba
mail@ohmybubba.com
Bubba: +44 7937977213
My: +45 50124270

My bubba travel with their own condenser mic (Edwina) that they would like to use for the 2 vocals if it fits the venue.

There is one song where My bubba clap their bodies as percussion - we need two overhead microphones on a stereo bar to catch those sounds.

My bubba prefers a warm sound without effects or unnecessary reverb.
The vocals should be equal in the mix if two microphones are used.

Please keep the lighting slow and tasty.

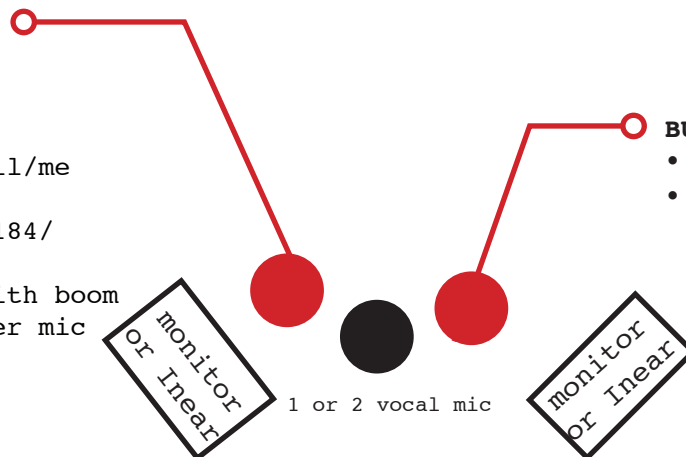

The harp should not be loud in general and needs to be muted in between songs.

My needs one high chair/ barstool on stage.
Bubba needs a power outlet and a guitarstand.

Please note that the band does not travel with their own FOH-, monitor- or light technicians. The venue / promoter is responsible for delivering the personnel for the soundcheck and later performance.

MY: Vocal, harp, claps

- 2 'overhead' condenser mics
- 1 active DI
- 1 Stereo bar + 1 small/medium mic stand
- 1 xlr cable - for km184/ condenser microphone
- 1 microphone stand with boom - for km184/ condenser mic

BUBBA: Vocal, guitar,
• 1 active DI
• guitar stand
